

Handbook of Wildlife Chemical Immobilization 4th Edition 2012

Terry J. Kreeger, MS, DVM, PhD
Wyoming Game and Fish Department

Jon M. Arnemo, DVM, PhD, Dipl ECZM
Hedmark University College & Swedish University of Agricultural Sciences
(Order: jmarnemo@online.no)

The largest selling, most comprehensive book of its kind!

- **Drug dosages easily and quickly located for 600 species**
- **Nearly 3,000 references linked to species**
- **Animal *and* human emergency medicine rapid reference sections**

Review of the 3rd Ed.: *It is a "must have" on the bookshelf of anyone using the technique of chemical immobilization.*
- Keith D. Amass (Journal of Wildlife Diseases 2009; 45 (4): 1239-1240)

Review of the 2nd Ed: *"This book is a tremendous value for the wealth of information provided and a must-have textbook for anyone involved in the chemical capture of wildlife species."*
- Scott B. Citino (Journal of the American Veterinary Medical Association 2003; 223: 802)
